Thanks to rbrice I'm happy and satisfied great location clean dealership and nice staff Dealership contacted me immediately and I made an appointment two days later to test drive the Jeep. As I drove the vehicle, the check engine light came on and I decided not to purchase the Jeep. Austin D. If this dealership receives another like Jeep, I would gladly consider returning there to test drive and possibly purchase. The dealership wasn't too forth coming with information about the vehicle. I went to see the vehicle and it was in the shop with the hood up. It had been sold but the buyer returned it because something was wrong with the engine. I was told that the vehicle was being used as courtesy car and to call back next week. I left my number and name for them to contact me when it was back on the lot. When I called back the following week I was told that the car was gone. Very unprofessional. Vehicle was as described in the ad. Sales was helpful, but low pressure. Sales transaction was quick and easy. Would definitely consider buying another vehicle here. Fantastic and breathtaking. They responded and let me know it had sold whereas all the other dealers failed to respond at all. Dealer was very polite and professional. The car was had a little flaw and I decided not to go ahead with the deal. He accepted my response and did not pressure me into buying the vehicle. Bought this car today. Truly dissapointed. Being handicapped, a got a neighbor to bring me to dealership for a test drive. After test drive I phoned salesman and was told he could not speak with me because he was tied up. I never got a call back but next morning got a email that the car had been taken to an auction an popd sold NEVER got a call from dealership. Went there and did not see anyone who works there not the car. I was contacted the next day. Still checking if I need anything. Have been emailing me if I need any assistance. Very professional. Did not accept financing through Car Gurus. Got a pre-generated message to welcome me to the dealership. I filled out an application for credit online to see if I qualified before making the hour drive and never heard anything back. I emailed the dealer about their incorrect listing of a higher trim level. They responded that the car was no longer available. But I called them and another salesperson said they still had it. Macks contacted me right away. If I had been interested in their vehicle sorry, it did not have the options I needed , then I would have happily tried to put together a deal to make the sale happen. They do seem like a quality dealership though. I didn't buy a vehicle but that was on my part they called and left a message. it was a quick response to my inquiry. I asked questions , probably too many, and he obliged and sent additional pictures Very friendly and knowledgeable. They responded very quickly to my emails.

We had a great experience! This car had been involved in an front end accident. The front bumper had been repainted and was still bent in the front. Not the best body and paint job. Also the plastic engine shield was damaged in the front of the vehicle. I was searching online for a reasonably price car with specific features, which I located at Grace Auto Sales. I went to look at the car a Hyundai Elantra Limited, The price was exactly in the range of what I was willing to pay so we bought it, so far I am very satisfied! Coronavirus update: New contactless services to help keep you safe. This dealership was the best car buying experience I have ever had. Mike was so knowledgeable and helpful, he was very responsive in communication. There was no pressure in the negotiating and they accommodated all of our needs. The price was accurate as shown with no sneaky after market add-ons and they were very fair with our trade in. E ergo e in the dealership was very friendly. We would definitely buy from them again and highly recommend. Best people to buy a car from! We worked out the details before we got there so all we had to do is sign for it. They were so sweet to my family. We worked with Nicole and she was the best person we worked with here in Texas. Definitely recommend them! My sales guy did not know anything about the truck or the electronics package. Did not sit with us or talk with us at all. He acted like we where bothering him to buy this truck. Now the sales manager and finance department where great easy to talk to and treated us like valuable customers. Overall I would never use the same sales guy again. I would buy another truck from Ron Carter. Would not recommend Bayway dodge. Started working deal at internet price. Salesman told me someone else made offer on truck. Tried to sell me truck at MSRP price because someone else made offer. We did get what we wanted and at the price we wanted. Only complaint is the time it takes to buy a truck. Great experience with this dealership. The price of the vehicle was exactly as advertised, and everyone who worked with me on the sale were knowledgeable and honest. The salesman was helpful but they could not help me with financing. I want this Jeep, so help with that would be appreciated. They replied in less than 5 minutes. I went to the dealership for a test drive. The dealership was clean and everyone was very professional and friendly. They were very professional and understood our needs. Shane was our sales rep and I loved him we talked about everything! The staff was courteous and helpful. They were very good at making us feel relaxed. Lastly my old car would not start and they let us keep it in their parking lot for a few days, thank you EchoPark! Car was not up for financing because of the year but they had some other nice options available. Responsive and professional people and atmosphere. Thank you Darwin for your help. I contacted dealership to see if car was available and was told yes. Arrived at dealership that same afternoon and was then told it sold the previous day. My experience at DeMontrond was excellent. There was no pressure from the staff. The buying car experience was quick and easy. The price they advertise on the internet is not the real price of the vehicle. They advertise a low price online to get you there but once you get to the dealership they add on all type of fees tint, theft, dealer prep fees, etc so the cost of the vehicle ends up being the same price as other dealerships if not more. Don't waste your time driving here. Dylan was great he a man of his word I'm sharlene deal brother sam deal I came down Oct 13 and got the black chevy silverado pay cash i will be back. I bought a car here and the check engine light came on as soon as I got home. They tried to take me for a fool and convince me that this was normal that all cars get the check engine light on. Dishonest people! I wanted to purchase the truck. I had down payment and some did reach out and told me they would further contact me. I day later no call. I called dealership after that. Inquiring about the truck via text never got a call. Mabe the weather was a

issue? Looked like the dealer had more than one of a particular used vehicle. When I asked about it, the sales lady half motioned toward the car which still had a dealership loaner vehicle sticker on it. The only one available had red interior. Very fast,friendly Brian helped me so much to get the Ghibli thanks a lot! Very satisfying. I had a fabulous experience with this dealership. They were kind they made a great offer they were very easy to deal with and I left with a great car. Extremely smooth car buying process. They even delivered the vehicle to me. Great service! I really wanted this car but they was holding the car for someone which is ridiculous! However i think everything worked the way it was supposed to. We'll help you find great deals among the mill
